2. WELCOME TO THE SHIRE

Our vision:

‘A proud community enjoying our rural lifestyle, cultural heritage, and natural environment’.

The Shire of Donnybrook Balingup is renowned for its gorgeous landscapes, old-growth forests, bountiful orchards and vineyards, and is an iconic agricultural area. Our origins stem from those who inhabited the county for approx. 40,000 years before European settlement, who knew this land as ‘Kaniyang’ and ‘Wardindi.’ Europeans settled in the area in the mid-1800s, building an economy based on gold mining, fruit-focused agriculture, and timber and stone. After WWII, the population of Donnybrook and Balingup grew to over 3,000.

From the late 1960, the apple industry blossomed when over 2 million cartons of apples, primarily Granny Smiths, were exported to the UK and greater Europe. Alongside this, the development of new varieties such as Pink Lady and Sundowner strengthened the industry. Soon, agriculture expanded to include pears, stone fruits, potatoes, nut production, sheep (for meat and wool), and cattle (for meat and dairy). The wine and tourism industry increased in popularity as well, and as the subdivision of large properties continued to develop, hobby farming increased.

As such, agritourism has flourished and has been a continuously growing, healthy economic industry. We aren’t only farming though, with the unique and beautiful sandstone from Donnybrook being well known and incorporated into many infamous structures and other foundations. Donnybrook sandstone can be found in many historic attractions such as the Soldiers Memorial Hall (1919), the All Saints Church (1906), Melbourne’s Federation Square, and the WA Supreme Court. To this day, local sandstone continues to be quarried.

The Shire has the benefit of several diverse industries in a single area, with a rich culture to accompany it. Over time, it has become an attractive place to live for both growing families and those making a lifestyle choice later in life. The lush scenery and convenient proximity to Bunbury, the beaches of Geographe Bay, the Margaret River Wine Region, and the tall timbers of Pemberton have also made our home a popular destination for tourists.

3. YOUR COUNCIL

3.1. Council and Executive Overview

3.3. Council Meetings

The Shire has responsibility for decision making assigned under a wide range of legislation. Each power or duty described in legislation requires local government to fulfil a mandatory duty or use a discretionary power to make these decisions.

Council meetings are a key facet of decision making for the Shire. Elected by the local community, Council members consider and make resolutions on items at an Ordinary Council meeting held every fourth Wednesday of each month (except December which is held on the third Wednesday). There are also other Special Council Meetings held that are advertised to the public as required throughout the year. Meetings are held in the Council Chamber next to the Shire Administration Office, except where otherwise advertised. Council Meetings are open to the public to attend.

As of July 2022, the Shire implemented a Policy to livestream Council Meetings at every opportunity, where technically possible, unless the Council makes a resolution to close the meeting to members of the public in accordance with Section 5.23 of the *Local Government Act 1995*. The primary purpose of these streams is to be open and transparent, giving the public greater access to Council decisions, debates and discussions, by eliminating geographic and/or personal barriers that may prevent physical attendance at a Council Meeting.

Some external locations that the Council visits do not have livestreaming or recording facilities. The public are invited by way of advertisement to visit these locations with the Council should they be interested in the meeting topics. Alternatively, documented Meeting Minutes are published online as soon as practicable after all Council meetings.

3.4. Delegation

Delegation is the process that enables local governments to delegate its power or duties, enabling efficient and effective strategic, financial, resource and operational management decisions to be made.

The CEO and other staff have delegated authority from the Council to make decisions on a number of specific administration and policy related matters. Some duties are also sub-delegated by the CEO to staff where permitted and appropriate. Each delegation details a specific function and includes any conditions that apply. All delegations are listed in the Shire's Delegations Register which is reviewed annually by Council. The current Delegations Register can be found on the Shire's website at www.donnybrook-balingup.wa.gov.au

3.5. Committees and Working Groups

There are several advisory committees and consultative groups that are made up of Council members and may also include staff and members of the public. They are established to fulfill legislative duties, investigate community issues, assist in local emergency management arrangements, and collaborate with other local governments and organisations. Council appoints delegates to committees when deemed necessary and where required by legislation.

Committees of Council:

- **Audit and Risk Management Committee**

- **Regional Road Group (RRG)**

The group prioritises and resolves projects for the allocation of monies received from State and Federal Government.

- **Warren Blackwood Alliance of Councils (WBAC)**

A voluntary regional organisation of Councils representing the Shires of Bridgetown-Greenbushes, Boyup Brook, Donnybrook Balingup, Manjimup and Nannup. The WBAC acts as an advocacy group by supporting or undertaking significant projects relating to promoting economic development and diversity and encouraging regional population growth.

Reference and Working Groups:

- **Warren Blackwood Climate Change Impact Reference Group**

To establish the basis of a Warren Blackwood Alliance of Councils sub-regional climate change impact policy, that includes recommendations for practical and achievable adaption and mitigation strategies applicable to WBAC and member local governments.

Ministerial Appointments:

• **Development Assessment Panels (DAP)**

Regulation 24 of the *Planning and Development (Development Assessment Panels) Regulations 2011* requires Council to nominate delegates to determine development applications that meet a certain threshold value. Each DAP comprises of five members, three specialist members and two local government members.

5. PUBLIC PARTICIPATION

Local Governments provide many functions and services that affect the greater community, and in turn, public participation is a key component of good governance. Members of the public have opportunities to put forward their views and submit questions on particular issues before the Council.

These include:

a) Public Question Time

15 minutes of Council Meetings are allocated to public question time, where the community may initially ask up to two (2) questions with an initial limit of two (2) minutes per person. If there are questions that extend beyond the allotted 15 minutes, Council may approve a motion to extend the time. If this motion is not put forward or the question is unable to be answered at the meeting, the question(s) may be taken on notice. These questions may only be regarding any matters or issues relevant to Council.

To ensure an accurate record of all questions asked and concise response, it is preferred that questions are presented to the Chairperson or President in writing prior to the start of the meeting. Questions can be lodged online via the Shire's website, with a printable form also available at www.donnybrook-balingup.wa.gov.au

b) Deputations

In circumstances where a member of the community has an interest in an item listed for discussion at a Council Meeting, upon prior written application to the Chief Executive Officer or with approval from the Presiding Member, that community member may be invited to give a deputation. Deputations shall consist of no more than five (5) persons with only two (2) that may address the meeting for a period not exceeding 10 minutes. Deputations are separate from Public Question Time, and include the following:

- i. Petitions: Written petitions may be addressed to Council on any issue within the Council's jurisdiction.
- ii. Presentations: With prior notification and approval, a member of the public may address Council on any issue relevant to Council.

c) Development Applications

Residents are notified of some Development Applications requiring approval from the Council. Several applications are exempt from public notification by the Local Planning Scheme 7. When an application is publicly notified, residents have the opportunity to write to Council expressing their views of the application, and/or to subsequently personally address the Council before a decision is made.

d) Elected Members

Members of the public are able to contact their elected members of Council to discuss any issues relevant to Council. Contact details can be found on the Shire's website at www.donnybrook-balingup.wa.gov.au

7. FREEDOM OF INFORMATION

7.1. What is it?

The FOI Act provides a general right of access to documents held by a local government body or agency. It provides the public with the assurance that personal information held by the Shire is accurate, complete, and up to date.

The FOI Act is designed to make State and Local Government agencies more open and accountable by:

- Enabling the public to participate more effectively in the governing within the Shire; and
- Making the persons and bodies that are responsible for State and Local Government more accountable to the public.

The Shire gives effect to the FOI Act by:

- Creating a general right to access documents held by the Shire (subject to exemptions due to the sensitivity of the documents); and
- Allows access to the documents promptly and at the lowest reasonable cost; and
- Assisting the public to ensure that personal information held by the Shire is accurate, complete, up to date, and not misleading; and
- Ensuring certain documents concerning government operations are made available to the public, meaning that wherever possible, documents will be provided outside of the Freedom of Information process.

7.2. How to Apply

Before lodging a Freedom of Information application with the Shire, you should first check to see if the information you are looking for is available outside of the FOI Act.

These documents will then be reviewed to determine if any exemptions apply under Schedule 1 of the FOI Act. The requested documents will be provided within the shortest possible time (within 45 days) at the lowest reasonable cost.

Amending Personal Information:

If the Shire holds any personal information about you which you believe is incorrect, incomplete, out of date, or misleading, you can apply to have it amended. Applications for these amendments must be made in writing and submitted to the FOI Coordinator. There is no fee or charge associated with an application for personal information about the applicant, or the amendment of personal records.

Please be advised that there is no right to an internal review of a decision made by the Shire CEO.

Applications should be made within 30 days of receiving the Notice of Decision. You will be notified of the outcome of the review within 15 days from sending in your review application.

If you disagree with the results, then you may apply to the Information Commissioner for an external review. An application for external review should be made within 60 days of receiving notice of the internal review decision.
